1. Director				Per our prior conversation, attached is a list of members of Congress I think you should see as time permits. I have put them in categories for priority purposes but developments could override these priority groupings. For instance, I think you should see George Mahon as soon as possible. Also it would be desirable to either see or speak to Senator Sparkman before you go to the Foreign Relations Committee on Wednesday and John Pastore (and Howard Baker) before you go before the Joint Committee on Atomic Energy on Thursday. With these exceptions, I would propose to try to catch a couple of these each week and we will be in touch with Jennifer STATINTL these in on your schedule.
